

Existing documents are as follows:

1. Project Variance File No. 04-1432 dated September 27, 2004 and Amendment dated October 6, 2004 (Interior/Exterior Friable WTC Dust, Contamination Assessment, Planning Building Pre-Demolition, Asbestos Survey, Preliminary Isolation Barrier Installation, and Emergency Work Necessary for Securing Building)
2. Phase I - Variance Decision File No. 05-0427 dated May 11, 2005 (Phase 1, Interior Friable and Non-Friable ACM Removals, WTC Dust/residue Removals, and Clean up, Limited Exterior Non-friable Caulking Removals and Limited Exterior WTC Dust/residue Removal/Cleanup)
3. Phase I - Variance Decision Amendment dated June 10, 2005 (Revised procedures and conditions)
4. Phase I - Variance Decision Amendment #1 Clarification dated June 28, 2005 (Procedures clarification)
5. Phase I - Variance Decision File No. 05-0427 Amendment #2 dated July 22, 2005 (Walker Ducts and Raceways Cleaning/Inspection Procedures and Pilot Program for Removal of Column Covers)
6. Phase II - Variance Decision File No. 05-0813 dated June 23, 2005 (Exterior abatement)
7. Phase I -Variance Decision Amendment Clarification – File No. 05-0427 dated November 10, 2005 (Revised Netting Removal)
8. Phase I -Variance Decision Amendment #3 - File No. 05-0427 dated December 16, 2005 (Revised Procedures and Conditions Pilot Project Approval)
9. Phase I -Variance Reopening Request (3) Approval - File No. 05-0427 dated June 26, 2006 (Live Electric in the Work Area)
10. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated July 12, 2006 (North plaza metal container cleaning)
11. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated May 01, 2007 (Time extension)
12. Phase I -Variance Decision Amendment #4 - File No. 05-0427 dated May 10, 2007 (HEPA Filtered Power Tools)
13. Phase I -Variance Reopening (6) Request Approval - File No. 05-0427 dated May 24, 2007 (Waste Packaging - Gaylord boxes)
14. Phase I -Variance Decision Amendment #7 - File No. 05-0427 dated June 11, 2007 (Potential Human Remains Search Activities - Floors 1 and 2, Removal of Negative Pressure Ventilation Unit)

15. Phase I -Variance Reopening Request (8) Approval - File No. 05-0427 dated August 7, 2007 (Adoption of Amended Industrial Code Rule 56)
16. Phase I -Variance Decision Amendment - File No. 05-0427 dated August 15, 2007 (Limited Relief HEPA attached tools)
17. Phase I -Variance Reopening Request (9) Approval - File No. 05-0427 dated August 22, 2007 (Transformer venting)
18. Phase I -Variance Reopening Request (10) Approval - File No. 05-0427 dated August 23, 2007 (Scaffold Cleaning and Repair Procedure – Floors 19 and Below)
19. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated September 12, 2007 (Pursuant to Today's OEM Meeting – Repair Stairs, Use of Remote Decon,)
20. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated September 14, 2007 (Sealing of Perimeter Openings)
21. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated September 27, 2007 (Number of Workers per Shower)
22. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated September 28, 2007 (Use of fire guard)
23. Phase I -Variance Decision Amendment #7 - File No. 05-0427 dated October 19, 2007 (Conduct Load out of Gaylord Boxes)
24. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated October 25, 2007 (Proposed Plan For Shoring of Compromised Bay Framing and Slabs)
25. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated November 07, 2007 (Proposed Plan for the Removal of Compromised Bay Slabs)
26. Phase I -Variance Clarification Reopening Approval - File No. 05-0427 dated November 16, 2007 (Modification Request for Approved Variance Proposed Plan for Shoring of Compromised Bay Framing and Slabs)
27. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated December 12, 2008 (Update to November 7, 2007 NYSDOL Approval)
28. Phase 1 – EPA Approval: December 12, 2007 Proposed Modification to the Deconstruction and Implementation Plan for the Removal of Compromise Bay Slabs (Update to November 7, 2007 NYSDOL Approval)
29. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated December 20, 2007 (Variance 05-0427 – Extension Request)
30. Phase I -Variance Reopening Request Approval - File No. 05-0427

dated January 8, 2008 (Proposed Modification To The Deconstruction and Implementation Plan and Variance Reopening Request (Rev. 2) – Proposed Plan for the Removal of Compromised Bay Slabs (Updated to December 12, 2007 Regulatory Approval))

31. Phase I -Variance Reopening Request Approval – File No. 05-0427 dated February 14, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Installation of Second Mobile (Remote) Decon)
32. Phase I -Variance Reopening Request Approval - File No. 05-0427 dated February 27, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Conduct Load out of Fire Load Floors 1-13)
33. Phase I- Variance Reopening Request Approval- File No. 05-0427 dated February 27,2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Removal of Existing Decontamination Enclosure System and Re-establishment of Vestibule as Clean Floors 1-19)
34. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated March 07, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Sealing of Perimeter of 2nd Floor North Side at the Upper Atrium Level)
35. Phase I -Variance Reopening Request US EPA Approval - File No. 05-0427 dated March 07, 2008 (March 6, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Sealing of Perimeter of 2nd Floor North Side at the Upper Atrium Level)
36. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated March 11, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Installation of FDNY Emergency Scaffold Egress)
37. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated March 11, 2008 (March 11, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Installation of FDNY Emergency Scaffold Egress)
38. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated March 17, 2008 (Revised Modification to the January 8, 2008 Approved Variance Reopening and Proposed Deconstruction Plan Amendment request for the Removal of Compromised Bay Slabs - Mechanical Drying of Compromised Bay Area A & B)
39. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated March 17, 2008 (March 17, 2008 Proposed Modification to the Deconstruction Plans; Removal of Compromised Bay Slabs - Mechanical Drying of Compromised Bay Area A & B)

40. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated March 28, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Interim Discontinuance of Dirty Hoist Car)
41. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated March 28, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Conduct Load Out of Fire Load Floors 14 - 19)
42. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated March 28, 2008 (March 28, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Conduct Load Out of Fire Load Floors 14 through 19)
43. Phase I –Variance Reopening Request DOL Approval - File No. 05-0427 dated March 28, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan –Interim Discontinuance of Dirty North-East Hoist Car)
44. Phase I –Variance Modification Request DOL Approval - File No. 05-0427 dated April 7, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan–Removal of Existing Decontamination Enclosure Systems and the Re-establishment of Vestibules as Clean on Floors 1 – 19)
45. Phase I –Variance Modification Request USEPA Approval - File No. 05-0427 dated April 7, 2008 (April 7, 2009 Proposed Modification to the Deconstruction and Implementation Plans; Modification to the February 27, 2008 Approved Variance Request and Proposed Deconstruction Plan Amendment Request - Removal of Existing Decontamination Enclosure Systems and the Re-establishment of Vestibules as Clean on Floors 1 – 19)
46. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated April 8, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan–Removal and Replacement of the Existing Structural Shaft Barriers and Polyethylene Isolation Barrier in the Shaft Area)
47. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated April 8, 2008 (April 7, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Removal and Replacement of the Existing Structural Shaft Barriers and Polyethylene Isolation Barrier in the Shaft Area)
48. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated April 25.2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction Plans - Creation of Extended North and South Vestibule Area – 6th and 7th Floors)
49. Phase I -Variance Reopening Request USEPA Approval - File No. 05-

0427 dated April 25, 2008 (April 25, 2008 Proposed Modification to the Deconstruction Plans - Creation of Extended North and South Vestibule Area – 6th and 7th Floors)

50. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated May 8, 2008 (May 8, 2008 Proposed Modification to the Deconstruction and Implementation Plans; Removal of Compromised Bay Slabs: Area B 15th Floor)
51. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated May 14, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Removal of Airlock A – 6th Floor Extended North Vestibule)
52. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated May 14, 2008 (May 13, 2008 Proposed Modification to the Deconstruction and Implementation Plans; Removal of Airlock “A” – 6th Floor Extended North Vestibule)
53. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated May 16, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Alternate Abatement Approach - Fireproofing)
54. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated May 16, 2008 (May 16, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Alternate Abatement Approach - Fireproofing)
55. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated May 16, 2008 (Variance Re-opening Request and Proposed Modification to the Deconstruction and Implementation Plan – Modification to the approved variance for the “Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene”. Removal of Shaft Isolation Barriers).
56. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated May 16, 2008 (May 16, 2008 Proposed Modification to the Deconstruction and Implementation Plan – Modification to the approved variance for the “Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene”).
57. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated June 5, 2008 (Modification to the April 8, 2008 Approved Variance Re-opening Request and Proposed Implementation Plan Amendment request for the Removal and Replacement of Existing Structural Barriers and Polyethylene Shaft Isolation Barriers – establishment of gross Removal Grouping: 14th, 15th, 16th, and 17th Floors rev 1).
58. Phase I -Variance Reopening Request EPA Approval - File No. 05-0427 dated June 5, 2008 (June 5, 2008 Proposed Modification to the

Deconstruction and Implementation Plan 8; Modification to the April 8, 2008 Approved Variance Re-opening Request and Proposed Deconstruction Plan Amendment Request for the Removal and Replacement of Existing Structural Barriers and Polyethylene Shaft Isolation Barriers – Establishment of Gross Removal Grouping: 14th, 15th, 16th, and 17th Floors rev 1).

59. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated June 9, 2008 (Variance Re-opening Request and Proposed Deconstruction Plan Amendment Request – Abrasive Media Blaster Equipment e.g. Blastrac)
60. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated June 9, 2008 (June 9, 2008 Proposed Modification to the Deconstruction and Implementation Plans, Use of Abrasive Media Blaster Equipment e.g. Blastrac)
61. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated June 17, 2008 (Modification to the April 8, 2008 Approved Variance Reopening Request and Proposed Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene Shaft Isolation Barriers - Establishment of Gross Removal Grouping: 13th, 12th, 11th, 10th, 9th, 8th, 7th, and 6th floors)
62. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated June 16, 2008 (June 16, 2008 Proposed Modification to the Deconstruction Plan and Implementation Plans, Modification of the “Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene” amendment dated April 8, 2008, Establishment of Gross Removal Grouping: 13th, 12th, 11th, 10th, 9th, 8th, 7th, and 6th floors)
63. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated June 27, 2008 (Modification to the April 16, 2008 Approved Modification of the April 8, 2008 Approved Variance Reopening Request and Proposed Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene Shaft Isolation Barriers Establishment of Gross Removal Grouping: 13th, 12th, 11th, 10th, 9th, 8th, 7th, and 6th Floors – Establishment of Gross Removal Grouping: 12/13 and Gross removal Grouping: 6-11)
64. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated June 27, 2008 (June 26, 2008 Proposed Modification to the Deconstruction Plan and Implementation Plans and previously accepted “Removal and Replacement of Existing Structural Shaft Barriers and Polyethylene” dated April 8, 2008 and “Establishment of Gross Removal Grouping: 13th, 12th, 11th, 10th, 9th, 8th, 7th, and 6th floors” dated June 16, 2008: Establishment of Gross Removal

Grouping: 12/13 and Gross removal Grouping: 6-11).

65. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated July 9, 2008 (Variance Reopening Request and Proposed Modification to the Deconstruction and Implementation Plan – Elimination of Remote Decontamination Enclosure Unit 1 and Relocation of Remote Decontamination Enclosure Unit 2).
66. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated July 9, 2008 (July 9, 2008 Proposed Modification to the Deconstruction and Implementation Plan: Elimination of Remote Decontamination Enclosure Unit 1 and Relocation of Remote Decontamination Enclosure Unit 2).
67. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated July 9, 2008 (Variance Reopening Request and Proposed Modification to the Deconstruction and Implementation Plan – Limited Use of Stairwell B for the duration of Gross Removal Activities)
68. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated July 9, 2008 (July 8, 2008 Proposed Modification to the Deconstruction and Implementation Plan: Limited Use of Stairwell B for the duration of Gross Removal Activities)
69. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated July 21, 2008 (Variance Reopening Request and Proposed Modification to the Deconstruction and Implementation Plan – Cleaning and Clearing of Stairwell A)
70. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated July 21, 2008 (July 18, 2008 Proposed Modification to the Deconstruction and Implementation Plan: Cleaning and Clearing of Stairwell A)
71. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated July 25, 2008 (Variance Reopening Request and Proposed Modification to the Deconstruction and Implementation Plan – Full Shift Abatement Workers per Shower: Increase to Eight from six)
72. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated July 25, 2008 (July 25, 2008 Proposed Modification to the Deconstruction and Implementation Plans: Full Shift Abatement Workers per Shower: Increase to Eight from Six)
73. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated September 8, 2008 (Replacement of the May 16, 2008 Approved Variance Reopening and Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Floors 1 – 14 and Basement A – Rev 1)
74. Phase I -Variance Reopening Request USEPA Approval - File No. 05-

- 0427 dated September 8, 2008 (September 8, 2008 Proposed Modification to the Deconstruction and Implementation Plans: Replacement of the May 16, 2008 Approved Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Floors 1 – 14 and Basement A – Rev 1)
75. September 24, 2008 Proposed Sampling, Analysis, and Quality Assurance Project Plan: Supplemental Porous Materials Sampling – Stairwell A and B Enclosures
 76. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated October 9, 2008 (Proposed Modification to the December 12, 2007 Approved Variance Reopening and Deconstruction Plan Amendment for the Removal of Compromised Bay Slabs (as amended January 8, 2008 and March 17, 2008) Rev 1
 77. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated October 8, 2008 (October 8, 2008 Proposed Modification to the December 12, 2007 Accepted Deconstruction Plans Amendment for the Removal of Compromised Bay Slabs (as amended January 8, 2008 and March 17, 2008)
 78. October 24,2008 Proposed Sampling, Analysis, and Quality Assurance Project Plan: Supplemental Porous Material Sampling – Stairwell A and B Enclosures – Joint Compound Evaluation)
 79. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated October 30,2008 (Modification to the April 8, 2008 Approved Variance Reopening Request and Proposed Implementation Plan Amendment Request for the Removal and Replacement of existing Structural Barriers and Polyethylene Shaft Isolation barriers as modified on May 16, 2008, June 5, 17, and 27, 2008 - Relocation and reuse of plywood and dimensional lumber within the building)
 80. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated October 30,2008 (October 30, 2008 Proposed Modification to the April 8, 2008 Implementation Plan Amendment for the Removal and Replacement of Existing Structural Barriers and Polyethylene Shaft Isolation Barriers as modified on May 16, 2008, June 5, 17, and 27, 2008 - Relocation and Reuse of Plywood and Dimensional Lumber within the Building)
 81. October 30, 2008 Proposed Environmental Remediation Work Plan Related to the Fluorescent Lamp Disposal (Crusher) Unit
 82. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated November 4,2008 (Modification to the September 8, 2008 Replacement of the May 16, 2008 Approved Variance Reopening and Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Floors 1-14 and Basement A)
 83. Phase I -Variance Reopening Request USEPA Approval - File No. 05-

0427 dated November 4,2008 (November 4, 2008 Proposed Modification to the September 8, 2008 Replacement of the May 16, 2008 Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Floors 1-14 and Basement A) (as edited by the New York State Department of Labor on November 4, 2008)

84. Amendment #1 Supplemental Porous Materials Sampling Plan – Stairwells, DOL Approval dated November 6,2008
85. November 3, 2008 Proposed Amendment #1: Sampling, Analysis, and Quality Assurance Plan, Supplemental Porous Materials Sampling Plan – Stairwell A & B, USEPA Approval dated November 6,2008
86. USEPA and DOL Acceptance of Loading Dock Decon, dated November 07,2008
87. USEPA and DOL Acceptance of Ground Floor Waste Decontamination Enclosure System, dated November 11,2008
88. USEPA November 13, 2008 Approval of November 12, 2008 Proposed Revision 1.0: Waste Storage and Transportation Plan
89. DOL November 13, 2008 Approval of November 12, 2008 Proposed Revision 1.0: Waste Storage and Transportation Plan
90. DOL November 18, 2008 Approval of Revised Decon layout- 2N and 3N
91. USEPA November 18, 2008 Approval of Revised Decon layout- 2N and 3N
92. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated November 20,2008 (Modification to the October 30, 2008; June 27, 2008; June 17, 2008; June 5, 2008 and May 16, 2008 Approved Modifications of the April 8, 2008 Approved Variance Reopening Request and Proposed Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Barriers and Polyethylene Shaft Isolation Barriers – Establishment of Gross Removal Groupings: 5, 4 and 3-1)
93. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated November 20,2008 (November 20, 2008 Proposed Modification to the October 30, 2008; June 27, 2008; June 17, 2008; June 5, 2008 and May 16, 2008 Modifications of the April 8, 2008 Implementation Plan Amendment Request for the Removal and Replacement of Existing Structural Barriers and Polyethylene Shaft Isolation Barriers: Establishment of Gross Removal Groupings: 5, 4 and 3-1)
94. Phase 1 – Time Extension – Variance File Number: 05-0427, DOL Approval dated November 20, 2008
95. DOL Approval – First Floor North Decon, dated November 20, 2008

96. USEPA Approval – First Floor North Decon, dated November 20, 2008
97. USEPA Acceptance of November 25, 2008 Supplemental Porous Material Sampling Plan- Remnant wood, dated November 26, 2008
98. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated December 18,2008 (Modification to the July 9, 2008 Modification of the February 14, 2008 Approved Variance Reopening Request and Proposed Deconstruction Plan Amendment Request for an Additional Remote Decontamination Enclosure System – Elimination of Remote Decontamination Enclosure Unit 2)
99. Phase I -Variance Reopening Request USEPA Approval - File No. 05-0427 dated December 18,2008 (December 17, 2008 Proposed Modification to the July 9, 2008 Modification of the February 14, 2008 Accepted Deconstruction Plan Amendment Request for an Additional Remote Decontamination Enclosure System – Elimination of Remote Decontamination Enclosure Unit 2)
100. USEPA Acceptance of January 6, 2009 Personnel and Waste Decon Configuration Drawing for the 4th Floor North Decon, dated January 8, 2009
101. USEPA Acceptance of January 6, 2009 Waste Decon Configuration Drawing for the Ground Floor North Loading Decon, dated January 8, 2009
102. Phase I -Variance Reopening Request DOL Approval - File No. 05-0427 dated January 10, 2009 (Variance Reopening Request and Proposed Modification to the Deconstruction and Implementation Plan – Enclosure of Ground Floor)
103. Phase I -Variance Reopening Request EPA Approval - File No. 05-0427 dated January 12, 2009 (January 9, 2009 Proposed Modification to the Deconstruction and Implementation Plan – Enclosure of Ground Floor)
104. 01-23-09 USEPA Acceptance of January 23, 2009 Amendment 1 to Sampling, Analysis, & Quality Assurance Project Plan – Supplemental Porous Material Sampling – Remnant Wood
105. 01-23-09 NYSDOL Acceptance of January 23, 2009 Amendment 1 to Sampling, Analysis, & Quality Assurance Project Plan – Supplemental Porous Material Sampling – Remnant Wood
106. Variance Reopening Request DOL Approval - File No. 05-0427 dated January 29, 2009 (Variance Reopening Request and Proposed Implementation Plan Amendment Request – Verification of No Residual Fireproofing: Stairway A Enclosure Floors 17 and 16)

107. Variance Reopening Request USEPA Approval - File No. 05-0427 dated January 29, 2009 (Variance Reopening Request and Proposed Implementation Plan Amendment Request – Verification of No Residual Fireproofing: Stairway A Enclosure Floors 17 and 16)
108. 01-30-09 USEPA Acceptance of January 30, 2009 Supplemental Stairwell Interstitial Space Fireproofing Sampling Plan for Stairwells A and B (revised)
109. 02-02-09 USEPA Response to the January 30, 2009 Revised Supplemental Investigation Summary Report for the Porous Materials Sampling in Stairwell A & B Enclosures for Floors 19-8 including the Joint Compound Evaluation
110. 02-02-09 USEPA Response to the January 16, 2009 Supplemental Investigation Summary Report – Porous Materials Sampling Summary Results – Remnant Wood – Floors 19 – 14.
111. 02-03-09 USEPA Response to the February 2, 2009 Supplemental Investigation Summary Report Porous Materials Sampling Summary Results - Stairwell A & B Enclosures - Floors 7 - 2
112. Variance Reopening Request NYSDOL Approval - File No. 05-0427 dated February 4, 2009 (Modification to the November 4, 2008 Modification of the September 8, 2008 Replacement of the May 16, 2008 Approved Variance Reopening and Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Third Floor)
113. Variance Reopening Request USEPA Approval - File No. 05-0427 dated February 4, 2009 (Modification to the November 4, 2008 Modification of the September 8, 2008 Replacement of the May 16, 2008 Approved Variance Reopening and Deconstruction Plan Amendment: Alternate Abatement Approach – Fireproofing Third Floor)
114. NYSDOL Approval - dated February 4, 2009 (130 Liberty Street: Establishment of gross Removal Grouping: Basement A)
115. USEPA Acceptance - dated February 4, 2009 (130 Liberty Street: Establishment of gross Removal Grouping: Basement A)
