

Addendum #1
April 28, 2006
Lower Manhattan Construction Command Center
Request for Qualifications – Consulting Services for
Opportunity Downtown Programs

Acknowledgement of Addendum:

Please acknowledge receipt of this addendum in your proposal.

Questions and Responses:

1. *I need to know if the LMCCC/LMDC is only looking for the Statement of Qualification information from the Consultants responding the request on May 8th, 2006.*

Answer: The submission requirements are specified in Section III. There is specific information requested relating to a firm's qualifications to perform the anticipated scope of services set forth in Section II. As stated in Section III: "All information and documents described in subsection A through D above must be included or addressed in the submission."

1. *Are you looking for the Statement of Qualification along with a response to the RFP (Section II thru Section III) of the request?*

Answer: Sections II through Section III are not an RFP. Descriptive information regarding the anticipated scope of services is provided in Section II so that responding firms understand the work that LMCCC/LMDC expects to engage one or more firms to perform. That anticipated scope of services should guide responding firms in submitting information regarding their qualifications to perform such services. Specific submission requirements for this RFQ are set forth in Section III.
