

NOTICE TO BIDDERS

Project: MRI Suite Construction – New York Downtown Hospital

The Director of Supply Chain of New York Downtown Hospital (“NYDH”) invites submission of bids by qualified trade contractors for construction at NYDH’s Lower Manhattan facility. NYDH is planning a number of construction projects over the coming months related to modernization and new program initiatives. These projects are funded in part by the US Department of Housing & Urban Development through the Lower Manhattan Development Corporation, and by the New York Department of Health through a HEAL Grant. All bidders must complete a prequalification questionnaire and be deemed qualified by NYDH to work in a hospital and clinical environment in order to be considered for bid award.

Sealed bids will be received on behalf of NYDH by NYDH’s construction manager, Michael Anthony Contracting Corporation (“MACC”).

The RFP and associated documents are available at:
